Practice your escape plan at least twice a year. By having a family fire drill, you can even have a drill at night so you know how to get out safely in the dark. As a family, decide on a safe meeting place (like a tree, light pole, or mailbox), which is a safe distance from your home where everyone can meet. Draw it on your map.

Use the grid below to draw a map of your home showing all doors and windows.

In another color, show your alternate route.
