

See Something Say Something

The best way to stop this becoming this is to let us know before it gets out of control.

See Something, Say Something!

When you first see smoke, don't stall. Call 9-1-1, and let us know as soon as possible!

The earlier we can get to a fire, the better chance we can prevent it from spreading.

If you See Something, Say Something!

Your quick response can save homes, and more importantly, save lives!

If you See Something, Say Something!
